

PTAC

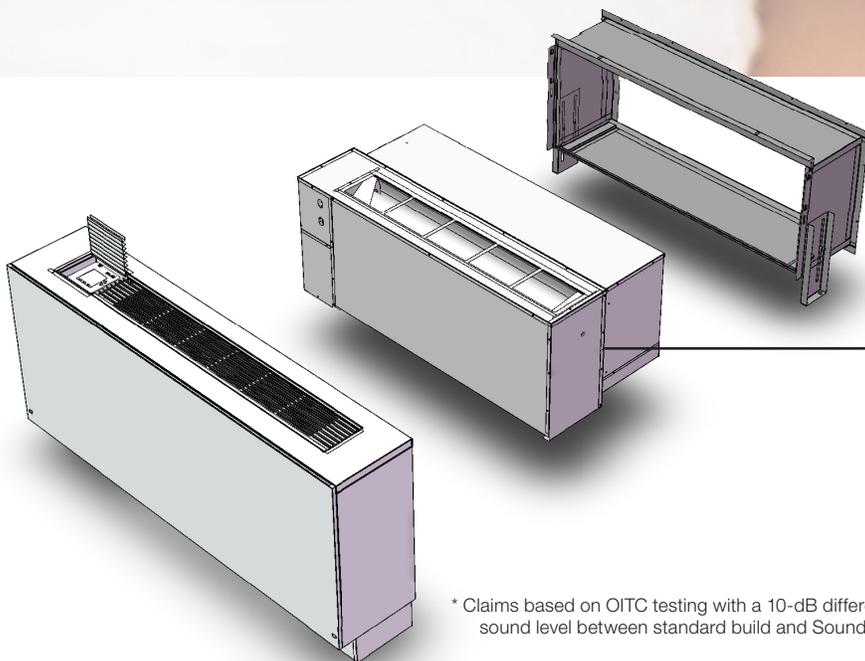

Essential Accessories

INNOVATIVE ACCESSORIES TO ENHANCE PTAC PERFORMANCE!

Enjoy peace and quiet with
SoundShield

- SoundShield keeps the noise out
- Proven Performance: OITC tested (Outdoor-to-Indoor Transmission Class) delivering the highest industry rating
- The SoundShield system incorporates a multi-layer firewall construction to the PTAC chassis to reduce ambient noise into the space.

SoundShield reduces outdoor to indoor noise transmission by ~10dB; cutting the sound transmission in half.

* Claims based on OITC testing with a 10-dB differential in A-weighted sound level between standard build and SoundShield construction
