

Horizontal Hybrid Water Cooled Air Conditioner

HHW Series

Conserve floor space with Ice Air's Horizontal Hybrid Water-Cooled Air Conditioners (HHW). Its low profile design is unobtrusive with a seamless appearance on the ceiling – they are completely concealed with an access panel control box. Flexible control options, variable air discharge outlets, and easy service access provide superior design and installation options. High efficiency fan motors provide low operating costs and reduced energy consumption.

Features:

- Perfect for new construction or replacement projects
- Side or end-discharge can be field changed
- Rotary or scroll compressors
- Sustainable R32 Refrigerant
- 13.0+ EERs
- Advanced programmable controls
- Ultra-quiet
