

Meet Your Ice Air Team

Ric Nadel
Founder and CEO
ric@ice-air.com
914-468-7660

Ric is responsible for determining and communicating the organization's strategic direction, as well as balancing resources of capital and people.

An important message from Ric Nadel, CEO

This sheet contains contact information for the team at Ice Air. Because we value all our relationships with customers and subcontractors, we are providing it to you as an easy reference to handle any issues that may arise in a professional manner.

As you may know, the relationship with our Hong Kong partner, Emily Wong, goes back to the mid 1980's. Originally between Murray Nadel and Thomas Wong, that strong partnership has passed from one generation to the next.

Our goal is to provide outstanding equipment and excellent support to build long-lasting relationships with mutual respect and understanding.

Anthony Gili
Director - Project Management
anthony@ice-air.com
914-468-7669

Anthony oversees all new construction and major retrofit project management activities.

- Submittal coordination and equipment release details
- Delivery coordination based on construction schedule
- Window interface and dimension collaboration

Bill Liu
